

Chapter 10: Additional Resources

We've done our best to provide a comprehensive library internship toolkit for you here. However, there are many resources out there that you might also consider consulting. Here are a few that we discovered in the process of developing this toolkit:

- "Employer's Guide to Building a Quality Internship Program" by UNLV Career Services: <http://hire.unlv.edu/pdf/employersinternship.pdf>
- "Employer's Manual for Internships" by Lock Haven University Career Services: <http://www.lhup.edu/careerservices/Internships/Employers/files/Manual.pdf>
- "Public Library Internships: Advice from the Field," edited by Cindy Mediavilla (Scarecrow Press, Inc., 2006)
- "Starting and Maintaining a Quality Internship Program" by Messiah College and the Technology Council of Central Pennsylvania: <http://www.wheaton.edu/Academics/Career/~media/0D5F4C0CD5F4444DACAE8F9B65C25DA4.pdf>

Also, be sure to visit our website at <http://libraryinterns.blogspot.com> for links to examples, samples, and templates of internship program models, forms, and effective practices. We'll continue to add new examples as we find them (or as they are sent to us – see box at right)! ●

Do you know of any great resources out there on hosting library interns? Have suggestions for future versions of this toolkit? Please don't hesitate to let us know by emailing juneb@multco.us. Thank you!
